

Managed Long Term Services and Supports Program

- CCC Plus is a Medicaid managed long term services and supports (MLTSS) program that serves approximately 288,000 individuals with complex needs
- Began in Tidewater on August 1, 2017; operates statewide through six managed care organizations
 Primary focus is to improve quality, access and efficiency
- Participation is required for eligible populations
- Includes individuals ages 65 and older, adults and children with disabilities; medically complex individuals, dual and non-dual individuals receiving LTSS (facility and community based); Developmental Disabilities Waiver participants for non-waiver services
- All members receive care coordination through a person-centered program design
- Integrated delivery model that includes medical, behavioral health services and long term services and supports
- Blended capitation rate for nursing facility/community LTSS; incentivizes community living
- Promotes innovation and value based payment strategies
