BILLING UNITS USING THE EIGHT (8) MINUTE RULE

Early Intervention providers may bill for the total number of units, based on time actually spent during the intervention session, as determined by the “8 Minute Rule” for all early intervention services that are billed by the unit using 15 minute increments. This rule is to be used for rounding up when eight (8) minutes or more of services are rendered and for rounding down when seven (7) minutes or less is rendered. Providers are to use the guide below to determine the number of units to bill.

Billable Unit(s) Treatment Time

- 1 unit 8 minutes to 22 minutes
- 2 units 23 minutes to 37 minutes
- 3 units 38 minutes to 52 minutes
- 4 units 53 minutes to 67 minutes
