DISCUSSION

4. BACKGROUND: The section of the State Plan for Medical Assistance that is affected by this action is entitled “State Medical Care Advisory Committee”.

This state plan amendment proposes to amend the section dedicated to the *State Medical Care Advisory Committee*. The changes for this regulatory section are intended to meet the requirements of Section 1902(a)(73) of the Social Security Act §1902. Section 1902(a)(73) mandates that states that have Indian Health Programs: (1) develop and file a Tribal Consultation SPA and (2) solicit advice from Tribes and from Indian Health Programs prior to submitting any SPA or waiver amendment. Prior to the start of Virginia’s Pamunkey Tribe Indian Health Program, DMAS was only required to solicit advice for 1915 and 1115 waiver applications/renewals.

5. AUTHORITY TO ACT: The Code of Virginia (1950) as amended, § 32.1-325, grants to the Board of Medical Assistance Services the authority to administer and amend the Plan for Medical Assistance. The Code of Virginia (1950) as amended, § 32.1-324, authorizes the Director of the Department of Medical Assistance Services (DMAS) to administer and amend the Plan for Medical Assistance according to the Board's requirements.
6. FISCAL/BUDGETARY IMPACT: There is no fiscal or budgetary impact.
7. RECOMMENDATION: Recommend approval of this State Plan amendment. This amendment needs to be forwarded to the Centers for Medicare and Medicaid Services Regional Office no later than April 9, 2021.

II. SYNOPSIS

Basis and Authority: The Code of Virginia (1950) as amended, § 32.1-325, grants to the Board of Medical Assistance Services the authority to administer and amend the Plan for Medical Assistance. The Code of Virginia (1950) as amended, § 32.1-324, authorizes the Director of the Department of Medical Assistance Services (DMAS) to administer and amend the Plan for Medical Assistance according to the Board's requirements.

Purpose: DMAS is requesting changes to the *State Medical Care Advisory Committee* section to conform to Section 1902(a)(73) which requires states that have Indian Health Programs, to develop and file a Tribal Consultation SPA and solicit advice from Tribes and Indian Health Programs, prior to submitting any SPA or waiver amendment.

Substance and Analysis: The section of the State Plan that is affected by this amendment is entitled *State Medical Care Advisory Committee*. Virginia currently has an Indian Health Program that furnishes health care services. The Pamunkey Tribe has established an Indian Health Program to provide Medicaid services to its community members. To maintain a cooperative channel of communication and informative dialogue between DMAS and the Pamunkey Tribe, the Agency has coordinated a process which seeks advice on a regular, ongoing basis from the tribal health program. DMAS shall solicit advice prior to the submission of any plan amendments, waiver requests, and proposals for demonstration projects that are likely to have a direct effect on Indians, Indian Health Programs, or Urban Indian Organizations. Also, as this interactive communication between DMAS and the tribal program will likely have a direct effect on the administration of the program's services, DMAS has identified a program designee as an advisory contact, through which, the dissemination of information will occur.

SUBJECT: Notice of Opportunity for Tribal Comment: – State Plan Amendments related to:

- Tribal Consultation

Dear Tribal Leader and Indian Health Programs:

This letter is to notify you that the Department of Medical Assistance Services (DMAS) is planning to amend the Virginia State Plan for Medical Assistance with the Centers for Medicare and Medicaid Services (CMS). Specifically, DMAS is providing you notice about a State Plan Amendment (SPA) that the Agency will file with the CMS entitled *Tribal Consultation*.

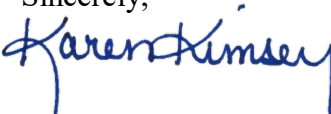

- **Tribal Consultation:** This SPA will allow the Virginia Medicaid program to conform to the *State Medical Care Advisory Committee* section of the State Plan. This section requires states that have Indian Health Programs to develop and file a Tribal Consultation SPA. To maintain a cooperative channel of communication and informative dialogue between DMAS and the Pamunkey Tribe, Virginia's sole Indian Health Program, the Agency has coordinated a process which seeks advice on a regular, ongoing basis from the tribal health program. DMAS shall solicit advice prior to the submission of any plan amendments, waiver requests, and proposals for demonstration projects that are likely to have a direct effect on Indians, Indian Health Programs, or Urban Indian Organizations. Also, as this interactive communication between DMAS and the tribal program will likely have a direct effect on the administration of the program's services, DMAS has identified a program designee as an advisory contact, through which, the dissemination of information will occur.

Please contact us if you would like to see the text changes or documents associated with this SPA.

The tribal comment period for this SPA is open through March 23, 2021. You may submit your comments directly to Jimiequa Williams, DMAS Policy Division, by phone (804) 225-3508, or via email: Jimiequa.Williams@dmas.virginia.gov.
