

# Civil Money Penalty (CMP) Reinvestment Application Template

## Date of Application Submission to CMS:

---

### Instructions

---

Please refer to the CMP Reinvestment Application Resource Guide when completing this application. Applicants shall submit this CMP Reinvestment Application request to the applicable state agency (SA) for initial review. SAs shall make an initial determination on the potential of the project to benefit nursing home residents and protect or improve their quality of care or quality of life. Once the state determines the application meets state requirements and CMS guidance, SAs will then forward the application to the Centers for Medicare & Medicaid Services (CMS) Branches for review and approval. After a determination by the SA and CMS Branch, the applicant will be notified of the funding determination. Applicants may contact the applicable SA with questions regarding their CMP Reinvestment Application.

Periodic reports may be required by each SA. Project outcomes, including the metrics provided in this application, must be reported at the completion of the project period. In order to maintain compliance with 42 CFR 488.433, at a minimum, SAs will make information about the use of CMP funds publicly available, including the dollar amount, recipients, and results of the project.

Note: Applications that are an extension of an approved CMP reinvestment project to new nursing home location(s) do not have to complete the entire application. **A project is considered an "extension project" if it is identical in project details to a project approved after April 1, 2018** (same applicant, same project focus, but to a new nursing home population). For extension projects, applicants must submit the approval letter for the approved CMP reinvestment project and complete the following sections: Applicant Contact and Background Information (sections 1-2a, and 6); Funding (sections 7-9); Project Title (section 10), Number of Nursing Homes (section 10b), Previous Unique Identifier(section 10c - if applicable); Project Time Period (section 11); Partnering Entities (section 15 for non-nursing home applicants and section 16 for all applicants, if appropriate), and Attestation (section 22). Additionally, the applicant must submit results of the previously approved and completed project (if applicable), with confirmation by the SA. The frequency that the applicant submits CMP project results for review by the SA, is at the discretion of the SA and can be as early as 3 months on a 12-month project. Results must show that an applicant met the project's goals and objectives for an application extension to occur. An applicant submitting an extension project must include a letter or email from the original state agency(ies) of the previously approved, CMP-funded project. In the letter or email, the SA needs to state whether the previous applicant met project goals and objectives, and whether the SA recommends expanding this applicant's project to other nursing homes.

### **Project and Applicant Requirements**

#### **Projects cannot:**

- Exceed three years;
- Include items or services that are not related to improving the quality of life and care of nursing home residents or to protecting such residents. For example, projects where the need or demand for services provided by the project does not exist, and projects where nursing home residents are not the target beneficiaries or the nursing home setting is not the focus of the project;
- Include research as a focus as the benefit to nursing home residents is unknown or concentrated on

the research entity, or a large portion of the budget does not directly benefit nursing home residents;

- Include funding for capital improvements to a nursing home (e.g., replacing a boiler, redesign of a nursing home, landscaping, parking lot or sidewalk construction);
- Include funding for nursing home services or supplies that are already the responsibility of the nursing home (e.g., staff, staff travel and lodging expenses, required staff training, required medical equipment, food);
- Include funding for survey and certification operations or state expenses;
- Include funding for refreshments;
- Include funding for incentives (e.g., for attending training or completing a survey—this includes items such as payments or gift cards);
- Include unclear or excessive expenses (e.g., budget items that are not clearly detailed or itemized, unreasonably high project staff salaries or travel expenses, excessive staff to implement a project, unreasonable marketing of projects, high indirect costs, or a large portion of the budget set aside for evaluation);
- Include supplementary or duplicative federal or state funding (e.g., personnel performing the same duties as Ombudsman, nurse aide training programs); and
- Be resubmitted after CMS disapproval/denial.

**Applicants must:**

- Be qualified and capable of carrying out the intended project(s) or use(s);
- Not have a conflict of interest relationship with the entity(ies) who will benefit from the intended project(s) or use(s); and
- Not be paid by a state or federal source to perform the same function as the project(s) or use(s) (e.g., CMP funds may not be used to enlarge or enhance an existing appropriation or statutory purpose that is substantially the same as the intended project(s) or use(s))
