

Cardinal Care Managed Care Claims and Billing

Telephone Numbers and Websites

Providers who are unclear about why a claim submitted to the Department of Medical Assistance Services (DMAS) was denied. We encourage you to contact the **Provider Helpline at (800) 552-8627** and ask for assistance with the claim before deciding whether to file an appeal. If a DMAS appeal is filed, it will **only** address the denial reason(s) set forth on the remittance advice. **Filing an appeal does not correct the denial reason(s) nor does an appeal involve reprocessing claims.**

The number one DMAS Fee For Service (FFS) claim denial reason (code) is edit 453 Enrolled in HMO. Providers must bill the Cardinal Care Managed Care (CCMC) plan in which the Member is enrolled for the CCMC service not DMAS.

DMAS provides Providers two self-service systems to check Member eligibility, FFS claims status, FFS check amounts, service authorizations and service limits. The **Medicall System** instructions can be found at <https://www.dmas.virginia.gov/media/4oyhhcwc/how-to-use-medicall.pdf> The **Medicaid Enterprise System (MES)** information can be found at <https://vamedicaid.dmas.virginia.gov/provider>

If you have CCMC Claims and Billing questions for a CCMC plan, please see the CCMC Provider Helpline telephone number and the link below for each.

CCMC Plan	Provider Help Number	CCMC Plan Claims website
Aetna Better Health	(800) 279-1878 (TTY:711)	https://www.aetnabetterhealth.com/virginia/providers/index.html
Anthem Health Keepers	(800) 901-0020 (TTY:711)	https://providers.anthem.com/virginia-provider/home
